### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:
2. Applicants' communication paper dated 11/24/03 is acknowledged. Applicants have cancelled claims 5,8,12,13,15, amended claims 1,2,3,7,9-11,16,17. The claims as now presented are definite and are having clarity. The claims under consideration are the claims 1-4,6,7,9-11,14,16,17, which are renumbered as claims 1-12.
3. Applicants' amendments to claim, cancellation of claims 5, 8,12,13,15 limit the subject matter related to election of invention of subject matter of Group I only. Therefore, the restriction/election is considered proper, and it has been made FINAL.
4. Applicants' above stated cancellation, amendments to claims together with their remarks and arguments are sufficient to overcome the rejections made under 35 U.S.C.112 paragraph second. Therefore, these rejections are now withdrawn.
5. Applicants have deleted "preventions", cancelled claim 13, and amended claims 1,9,10,11,17. Therefore, the rejections made under 35 U.S.C.112 paragraph one are now withdrawn.
6. The closest prior art of record ref. Kluender et al (WO9615096) teaches derivatives of 4-biarylbutaric or 5-biarylpentanoic acids as MMPs inhibitors. Applicants have amended claim 7 to present the instantly claimed compounds, which are not encompassed by the reference '096. Thus, the ref. '096 does not indicate or suggest to arriving at the instant invention.
7. Therefore, the instant invention is deemed to be novel and patentably distinct.
8. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
9. Examiner appreciates the references provided on 11/24/03. A signed copy of the PTO Form 1449 is enclosed with this communication for applicants' record.
